# Macaristan Yatırım TeŐvikleri

## DIŐŐŐLERİ VE DIŐŐ TİCARET BAKANLIĐI

### Macaristan - İstikrara Dönüş

Malumunuz 2021 yılı ekonomiyi ve ticareti zorlayan bir sene olarak geçti; ihracat kapsamında Covid 19 ile ilgili gelişmeler ve kur dalgalanmaları genellikle tüm sektörleri ve başlıca küresel hayatı etkiledi, ama mevcut verilere dayanarak Macaristan ihracatının 2021'de 2020 yılı rakamlarını geçtiğini ve pandeminin etkilerini ülkemizin 2021'de atlatıp ekonominin eski seyrine döndüğünü söylemek mümkün. Hatta Macaristan hız kaybetmeden 2022 senesinde de %4.6 ile büyümeye devam etti. 2023 senesini ise dünyadaki negatif trendlere rağmen Macaristan %1,1 GDP artışıyla kapattı. 2024 için yaklaşık %4 artış öngörülmektedir.

### Macaristan - GSYİH büyümesi (yıllık %)

## DIŐIŐLERİ VE DIŐ TİCARET BAKANLIĐI

### Macaristan hakkında birkaç olgu:

Ülkenin nüfusu yaklaşık 9,6 milyon. 2004 yılında AB'ye giren Macaristan günümüze dek kendi para birimi olan Macar Forinti'ni kullanmaya devam ediyor.

2022 yılında kaydedilen verilere göre ülkenin gayrisafi yurt içi hasılası 177 milyar dolar civarında olup kişi başı milli gelir yaklaşık 20.100 USD. Gayri safi milli hasıla 2021 senesinde % 7.1 artış 2022 senesinde ise %4,6 artış göstermişti. İşsizlik oranı ise %3,6 idi ve 2024 senesinde yaklaşık aynı seviyede kalması öngörülüyor.

Yurtdışından gelen yatırımların rakamı 13 milyar Avro'yu aştı ve öylece 2023'te rekor kırdık. Yatırımlar arasında dünyanın en büyük elektrik araba üreticisi olan BYD de yer almaktadır.

NEXT adlı Macaristan ihracat programı kapsamında ülke ihracat yönlerinin çeşitliliğini arttırmak istiyor ve bu bağlamda Türkiye-Macaristan arasındaki ikili ticaretinin engel ve zorluklarında günden güne azaldığını görebiliriz.

## DIŐIŐLERİ VE DIŐ TİCARET BAKANLIĐI

### Peki Neden Macaristan?

Macaristan'da sađlam bir iŐ ortamı, rekabetçi yatırım sistemi ve kaliteli iŐ gücü bulunmaktadır.

Ülke olarak yıllık ihracatı 160 milyar Avro üzerinde. 2023 verilerine göre ÷lkede yabancı doğrudan yatırım sermayesi (FDI) 13 milyar dolar idi.

Yabancı yatırımcı şirketleri arasında Mercedes, Audi, Suzuki, BMW ve bunların yanında Nestle, Unilever, Bosch, Google, IBM, Vodafone, BYD ve CATL gibi dünyaca bilinen çok uluslu şirketleri görebilirsiniz.

**Őişecam Macaristan'a 330 milyon dolar üzerinde yatırım yapmaya karar verdi.**

## DIŐIŐLERİ VE DIŐ TİCARET BAKANLIĐI

### Vergi Avantajları

Bu noktada altını çizmek gereken bir husus var: **Kurumlar vergisi %9**. Bu miktarın %80'e varan kısmı da yine yatırımcı olmanız durumunda düşebilmekte ve bahsettiğimiz kurumlar vergi rakamı %1,8 oranına kadar inebilmekte. Yani uygun bir yatırım yapmanız durumunda kurumlar vergisi **%1,8'e kadar düşebiliyor**.

### Avrupa'ya geçiő sađlayan mükemmel konum

AB'ye ihracat yapan bir firma için Macaristan merkezi bir konum olabilecek tüm özelliklere sahip, 24 saat içinde Avrupa'nın herhangi bir yerine mal teslimi yapmanız mümkün. Örneđin Türkiye'de fiyat avantajıyla üretilen bir mal nakliye, vergi, ek hizmetler ve ödenekler ile AB'ye varana kadar rekabetçiliđinden kaybedebilir. Bu bağlamda Avrupa'nın, daha doğrusu Schengen bölgesinin Türkiye'ye açılan en yakın kapısı Macaristan'dır.

## DIŐIŐLERİ VE DIŐ TİCARET BAKANLIĐI

### İkili iliŐkiler

2013 yılında Macaristan ve Trkiye stratejik, 2023 yılında ise GeliŐtirilmiŐ Stratejik İŐbirliĐi AnlaŐması'na imza atıldı ve gnmze kadar sayısız koordinasyon ve eylem ile ekonomilerimiz ve piyasalarımız arasındaki bariyerler azami seviyeye indirildi. Ticari odaklı bir dıŐ politika takip eden Macar hkmeti, Trkiye'yi DoĐu'ya Aılım politikasının merkez lkelerinden biri olarak gryor ve bylece Trk yatırımcılar iin olduka avantajlı ve hızlı imkanlar saĐlıyor.

## DIŐIŐLERİ VE DIŐ TİCARET BAKANLIĐI

### Macaristan'da Yatırım

Macaristan'da Őirket kurulum maliyetleri 8.000 Avrodan baŐlamakta ve gerekli belgelerin mevcut olması durumunda 7 g¼n iinde Őirket kurulabilmektedir. İstihdam ile ilgili kanun ve b¼rokratik iŐlemler gayet esnek olmakla birlikte, asgari ücret de 15.000 TL civarındadır.

alıŐanın net maaŐına ilaveten, iŐveren tarafından ödenecek sosyal primlerin oranı %15'tir. 2020 yaz d¼neminde y¼r¼rl¼Đe giren bu uygulama iŐverenler iin de daha rekabeti bir ortam yaratmaktadır.

### ŐİRKET KURMAK İİN G¼N SAYISI

### HIPA investment results (2022)

Orta Avrupa'nın ¼nde gelen yatırımlarına ev sahipliĐi yapan Macaristan 2023 yılında toplam 13 milyar Avroluk deĐerde baŐarılı yatırım projesine imza attı ve projeler sayesinde 15.000 ¼zerinde yeni iŐyeri aıldı.

Macaristan'da en b¼y¼k yatırım yapan ¼lkelerin baŐında Kore, İsvire, Fransa, Almanya ve in bulunuyor. 2022 yılında Macaristan'a gelen yatırımların %48'i DoĐudan, %42'si Batıdan, %10'u ise Macar yatırımcılarından oluŐmaktadır.

T¼rkiye'den son senelerde Macaristan'a gelen yatırımlar 2 milyar Avroyu gemiŐ durumda.

## DIŐIŐLERİ VE DIŐ TİCARET BAKANLIĐI

### HIPA - Hungarian Investment Promotion Agency

Macaristan Yatırım Teővik Ajansı olan HIPA yatırımlar konusunda sorumlu olan tek Macar Kurumu olarak hizmet verir ve böylece söz konusu tüm danışmanlıklar tek yerden verilmektedir. One Stop Shop hizmeti dahilinde başvurular alındıktan sonra birtakım hizmetler sağlanır örneĐin; lokasyon seçim danışmanlıĐı, devlet desteklerinin koordinasyonu ve yerli tedarikçiler danışmanlıĐı gibi.

Temelde Macaristan'da Türkiye'deki yatırım bölgelerine benzer şekilde 3 farklı yatırım bölgesi mevcut. Bunu aynı zamanda DoĐudan Batıya azalan bir destek olarak düşünebilirsiniz. DoĐuda ve Güneybatıda verilebilen maksimum %50 lik hibe, Kuzeybatı sınırındaki ilçelerde %30'a düşüyor ve başkent Budapeőte'de teşvik verilmemektedir. Genel olarak baktığımızda destek, bölgenin gelişmişlik düzeyine göre azalmaktadır.

Macar Yatırım Ajansı'nın sağladığı 3 farklı destek söz konusu olabilir:

- Bölgesel Destek (bunlar daha çok vergi indirimi veya muafiyeti olmak üzere, nakit desteĐi de olabilir)
- Eğitim DesteĐi (yeni elemanlara mahsus)
- Ar-Ge DesteĐi (nakit ve vergi teşvikleri)

## DIŐIŐLERİ VE DIŐ TİCARET BAKANLIĐI

# Invest in Hungary

## Hungary offers excellent logistic opportunities in a central location

### EU & Schengen

**Central location** as the center of gravity for distribution to Central & South-Eastern Europe

**EU and Schengen** memberships mean the free movement of goods

**3TEN-T** as Hungary is at the crossroads of 3 core European transportation corridors: Mediterranean, Orient/East – Med, Rhine – Danube

### Road & rail network

**1<sup>st</sup>** in length of motorways in CEE

**6<sup>th</sup>** by railway line density in Europe

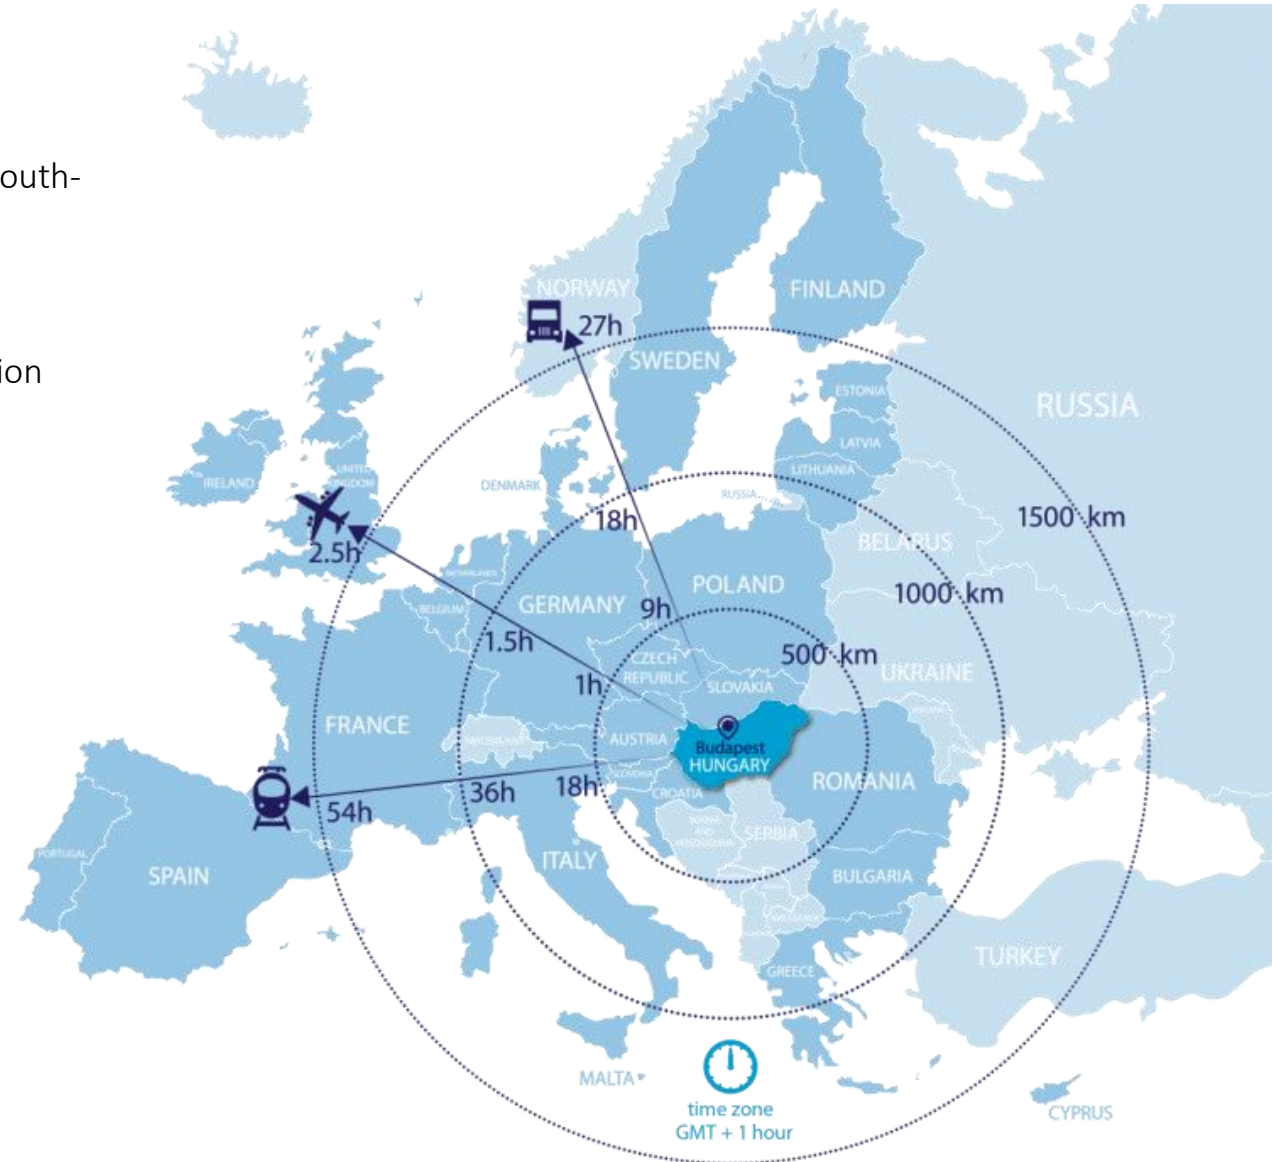

**50+** scheduled container trains weekly to European ports of the North Sea, the Adriatic and the Mediterranean

### Airports & waterways

**144** direct destinations by 34 airlines from Budapest airport

**Inland waterway** in Hungary is part of the Rhine – Danube corridor

# Climate goals

Hungary will become carbon neutral by 2050

## Climate goals until 2030

**90%** of the Hungarian electricity production will be carbon-neutral

**21%** renewable energy share in gross final energy consumption

**40%\*** decrease in the emission of greenhouse gases compared to 1990 levels

\*The EU is working on the revision of its climate, energy and transport-related legislation under the so-called 'Fit for 55 package'. According to these plans the EU will be committed to **cut emissions by at least 55% by 2030**. This will probably also raise Hungary's 2030 climate ambitions.

## Climate goals until 2050

**! Hungary will become carbon neutral by 2050.**

**Hungary is dedicated to reach ambitious climate goals.**  
Since 2020 carbon neutrality in Hungary is a legal obligation:  
„Hungary will reach full climate neutrality by 2050, the remaining domestic emissions and removals of greenhouse gases will be in balance by 2050.” - *Act XLIV of 2020 on climate protection*

# Economy of Hungary

## Stable economy with a very competitive tax system

### Good GDP growth outlook

GDP growth (%) prognosis by the Hungarian National Bank, Dec. 2022

### Open economy with trade focused foreign policy

Inward FDI stock in 2021 (% of GDP)

#### OPEN ECONOMY

Export/GDP ratio close to **100%**  
Investment and trade development are key to drive sustainable growth

#### TRADE FOCUSED FOREIGN POLICY

Partnership with investors is a national priority  
The Ministry of Foreign Affairs and Trade & HIPA support investors in Hungary

### Reducing tax burden on labour

Social charges (%) paid by the employer on top of the gross salary

### Lowest corporate income tax rate in the EU

Corporate income tax rates, 2022

#### TAX EXEMPTIONS

Tax exemptions for **families with children**  
All **under 25 years** and **mothers under 30** are exempt from personal income tax

#### LOW TAX ON PROFIT

Only **1,2% tax per GDP** on profit, which is the **lowest in the EU** based on OECD research in 2021

# Economy

## Extremely business friendly economic environment

### Open economy with trade focused foreign policy

#### OPEN ECONOMY

Export/GDP ratio close to 100%  
Investment and trade development are key to drive sustainable growth

#### TRADE FOCUSED FOREIGN POLICY

„One-stop-shop” support of companies: tailor made consultancy focusing on business needs  
Partnership with investors is a national priority

# Education

Hungary's education system has a special focus on business and engineering, resulting in a market-ready workforce.

## Tertiary Education

**293,566**

Total number of university students (2021-22)

**57,244**

Fresh graduates (2021)

Number of students in university education	
Field of study	No. of students
Business and Administration	54 388
Engineering, manufacturing and construction	37 718
Social Sciences and Law	46 369
Teacher training and education	32 402
Health and welfare	34 524
Mathematics, computing and natural sciences	32 905
Services	15 453
Arts & Humanities	23 599
Other	16 208

## Vocational education

Vocational education in Hungary aims at training specialists for the professions necessary for the development of the Hungarian economy.

**129,046**

Students in vocational education

## Dual education

Dual training programmes are available both in vocational and tertiary education.

Companies engaged in dual education provide a mixture of apprentice workshops and practice-centred internships.

**2,000 +**

Students engaged in dual education at tertiary level

**50,000 +**

Students participating in dual vocational training

**584**

Science performance points (PISA)

(Boys, 2021, Source: OECD)

High science performance (PISA) scores, with results closely behind Germany

# Research and development

Increasing R&D expenditure as companies chose Hungary for their R&D activities, partnerships with universities is base for further growth

**76,138**

R&D personnel in Hungary

**€ 2.5 B**

Spent on R&D in Hungary in 2021

Gross domestic expenditure on R&D (€ million)

R&D expenditure was

**1.64%**

of GDP in 2021

Hungary aims to reach

**3%**

by 2030

## Our partners in stepping into the future

## Battery related studies propelling the industry

**Did you know?**

**Hungary has implemented a flexible curriculum** for vocational education, allowing to incorporate business specific content in one academic year.

**+ Battery related studies and curriculum**

# Electronics Industry in Hungary

The most diversified and one of the largest manufacturing sectors in Hungary is the electronics sector

## High share in total production

**22.7%**

share in total manufacturing production

## Export oriented

**92.8**

export ratio in the sector

**30.2**

share in total exports

**5/8**

Out of the Top 8 global EMS manufacturers, 5 are settled in Hungary.

## Our partners in stepping into the future

## Talent pool & education in electronics

Over half of dual education university students study engineering

## Did you know?

Electronics is **one of the largest** economic sectors in Hungary

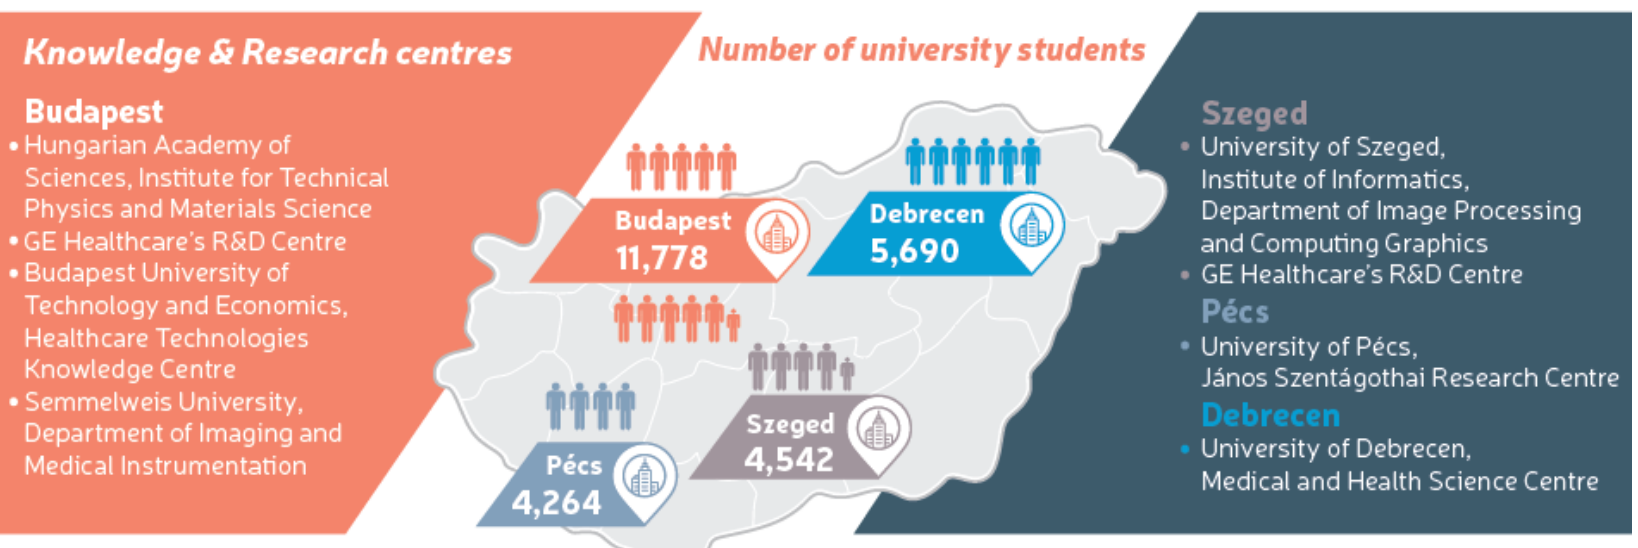

**175,000** employees

# Medical Technology in Hungary

Hungarian medical technology instruments are available globally, and Hungarian universities offer an outstanding base for R&D

## R&D concentrated around 4 major cities with medical universities

### Nr.1 in the region

Medical technology & pharma industry together amount to over

**~50,000 employees**

**9%**

of the total manufacturing value added

**Our partners in stepping into the future**

**over 85% export ratio**

**Nr.1 in the region**  
Largest exporter of medicinal & pharma products in the region

**70% to EU countries**

**6.4% of total export**

# Life Sciences in Hungary

Over €1 billion FDI invested in the past years, global pharma and biotech companies already chose Hungary for R&D or manufacturing

## Unique focus areas

### Pharma

original and generic drug production, APIs production, herbal industry

### Biotechnology

medicinal chemistry, preclinical studies, stem cell research

### Veterinary

CEVA-Phylaxia's largest biological R&D center in Budapest

### Clinical trial

**~300** clinical trials registered each year

**€5.8B**
